Caldecott Medal - Terms and criteria

Terms

1. The Medal shall be awarded annually to the artist of the most distinguished American picture book for children published by an American publisher in the United States in English during the preceding year.
2. The award is restricted to artists who are citizens or residents of the United States.

Criteria

1. In identifying a "distinguished American picture book for children," defined as illustration, committee members need to consider:

a. Excellence of execution in the artistic technique employed;

b. Excellence of pictorial interpretation of story, theme, or concept;

c. Excellence of presentation in recognition of a child audience.

2. The only limitation to graphic form is that the form must be one which may be used in a picture book. The book must be a self-contained entity, not dependent on other media (i.e., sound, film or computer program) for its enjoyment.
