Grades 1-2

Week 5: How We Organize Ourselves

| **Topic** |
| --- |
| Creating a bar graph in ScreenChomp |

| **Student Skills** |
| --- |
| 1. Inserting and manipulating a digital image<br>2. Using a chart and graphing applications to display data and show change<br>3. Effectively critiquing others' work |

| **Lesson** |
| --- |
| - Review what we did two weeks ago<br>    o ScreenChomp, bar graphs<br>- Look at student examples<br>    o Identify ways these bar graphs could be improved to help others better understand/read the information<br>        ▪ Create a checklist as we go<br>- Introduce goal for today: Create a bar graph showing the favorite colors of the whole class, use checklist to review your work<br>    o Write out number of votes for each color on the ActivBoard<br>- Distribute iPads<br>- Students create their graphs, review the checklist, then hand to me for confirmation<br>- If time, students may explore ScreenChomp independently |

| **Reflection** |
